VOL. XXXIII.

STANFORD, KY., TUESDAY, JUNE 13, 1905.

NO. 30.

To the Democrats of Lincoln:

I cheerfully accept the decision of the Court of Appeals and am for my successful competitor and the rest of the Democratic ticket. I thank my friends for their efforts in my behalf and now ask them to give to Mr. Hill and the other nominees their hearty support, as I propose to do.

GEORGE W. DeBORD.

MATRIMONIAL.

The general synod of the Reformed church in America in session at Asbury Park, N. Y., adopted a resolution endorsing reform in divorce and enjoining its ministers against marrying persons who had been divorced on other than scriptural grounds.

A Missouri woman sued for divorce because her husband put his feet on a chair during meals and his shoes on the parlor table, but the Judge decided that while those were exasperating causes for desiring separation, they were not enumerated in the list of causes for divorce. Every wife will agree, however, that if she could make the laws they would be included.

Mrs. Martha Bright Adams, of Hustonville, announces the engagement of her daughter, Nelle, to Mr. Rodman Keenon, of Harrodsburg. The marriage will be in the late summer. Miss Adams is a charming young woman, pretty and popular, and the young man who has won her heart is to be congratulated. Mr. Keenon is a clerk in the clerk of the court of appeals office at Frankfort and is a splendid gentleman.

A telegram was received here today announcing the marriage of Frank M. Springer to Miss Sallie Green at Missoula, Montana, yesterday. Mr. Springer is one of Harrison avenue's business men and is well known here. The bride was formerly a nurse in the hospital in this city. This romance, which has resulted in marriage, was begun in Guthrie about 18 months ago when Miss Green was a nurse and Mr. Springer an inmate of the hospital. At that time they became deeply in love and the culmination of it all is that they are now happily united in wedlock. — Guthrie, O. T., Leader.

CHURCH MATTERS.

Rev. J. T. Chastain will preach at Harris' Creek church Saturday night and Sunday morning, next.

The State Sunday School Convention at Somerset was an auspicious occasion from beginning to end. The good people of the Queen City of the Mountains took splendid care of the hundreds of delegates and sent them home singing their praises. The next place of meeting will be Ashland. The following officers were elected: W. J. Brown, Somerset, president; Rev. H. J. Derthick, Hazel Green; Jesse T. Gosnell, Leitchfield; Rev. Frank Hardy, Louisville; vice presidents; E. A. Fox, general secretary; T. C. Grebaur, Henderson; W. J. Vaughn, Madge Field, secretaries; E. N. Woodruff, treasurer; Miss Nannie Lee Frayser, superintendent primary department; H. K. Taylor, Beechmont, superintendent training department; J. Shreve Duhamel, Greensburg house-to-house visitor; Rev. H. G. Ogden, Louisville, head of home department.

Mrs. J. B. Marcum, who has returned to Winchester from Jackson, says the Hargises, Ed Callahan and B. F. French, charged with the murder of her husband, have not been incarcerated a minute since their return to Jackson, but that Buck Cottongane, who was a witness against the Hargises in the trial of the damage suit, was thrown into jail on his return on a minor charge, and the bond he offered was refused.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. G. L. Penny.

Water is so nearly incompressible that it is but little denser at the bottom of the ocean than on the surface. Any substance which will sink will go directly to the bottom, in spite of the popular belief to the contrary.

The Chicago Team Owners' Association, which employs 8,000 men, has decided to remain neutral in the labor troubles now in progress. Negotiations for a settlement of the strike have apparently been abandoned for the present, and unless concessions are made by both sides a settlement seems a long way off.

At Maysville United States Judge Cochran heard argument on the motion to transfer the case of Caleb Powers from the Scott county court to the United States court and reserved decision. It is expected that it will be two weeks before the decision is handed down. Lawyers who heard the argument are unanimous in the opinion that the motion will be overruled.

Mabel Gates, aged 18, and George Job, Jr., were found in a dying condition from the effects of strychnine poisoning in Rosedale, Kan., and both died before medical aid could be administered. They both protested when an effort was made to save them, and it is supposed that they voluntarily took poison, having made a mutual agreement to commit suicide.

Cured Of Bright's Disease.

George A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians 12 years; had taken a well-known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every 15 minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." G. L. Penny.

Hewitt—That is a queer case where the girl claimed that she was injured by the carelessness of the street railroad company.

Jewett—What was there queer about it?

Hewitt—The girl sued the company, and while the trial was going on she went around on crutches; but as soon as she got a verdict against the road she threw them away.

Jewett—I suppose the money put her on her feet.—Judge.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. G. L. Penny.

The ball game here Saturday had a good audience but the game was poor, the picked men from Boyle county being nearly shut out by the local team, the score being 14 to 4 in favor of Hustonville. The pitching of James Frye was superb; in fact our battery's work is of the historic Togo quality, making pigmies of their adversaries.

Lindsay, of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. THE chinch bug is a little thing, but he gets there all the same. He is less than a third of an inch long, but he extracts from the country's farmers an annual tax of \$60,000,000. It damages the wheat and corn crop \$20,000,000 each. The rest of its levy it divides among the lesser cereals. The energetic grasshopper costs us about \$50,000,000 a year. Possessed of an omnivorous appetite, the grasshopper destroys corn, wheat, rye, grass, pillages orchards and attacks almost every other kind of vegetation with perfect impartiality.

As sobriety and moderation in drinking is on the increase, it seems almost incredible that statistics show that the consumption of stimulants—that is, whisky, wine, beer etc., and their variants—costs \$18.33 per head in the United States, or \$91.65 for each family. The total cost of stimulants for the year ending June 30, 1904, is nearly \$1,500,000,000, or \$100,000,000 more than the average for the five years preceding. The enormous total can only be explained by the theory that the use of alcohol otherwise than as a stimulant is greatly increased.

SERIOUSLY threatened with civil war and whipped on land and sea, Russia is reduced to the occupancy of that narrow strip of land said to be between the devil and the deep blue sea, and the Czar is showing signs of interest in Japan's peace terms. It is high time, as every day will increase the exactions of the victors.

AN Indianapolis judge has decided that cigarettes can be smoked in Indiana if bought elsewhere, but if a fellow should give one of the little coffin nails to a friend he is in it good and strong. In other words the hoosier must go to another State to buy his cigarettes and then go 'way off by himself and smoke them.

COL. THOMAS B. DAVIS, a younger brother of ex-Senator Henry G. Davis, himself past 77 years of age, was elected to Congress at the special election held in the Second West Virginia District Tuesday. The Davis family seems to be returning to its usual run of luck.

THE Brewers' Association at Atlantic City resolved that beer drinking promotes temperance. The whisky makers could just as truthfully assert that the more of their product a man imbibes the more pronounced a temperance man he will be.

BOBBITT'S HORSES.—Hon. Fontaine Fox Bobbitt has two fine young stallions which he thinks are world-beaters. He has named one of them Volcano De Martinique and the other Wild Man from Borneo. According to Mr. Bobbitt's description of them they are dandies. His Wild Zingarelle, the mare he claimed he could sell for \$100,000 in the event she would trot a mile in two minutes, was killed by a train before she accomplished that remarkable feat.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors, but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." Magoffin Place, City Limits, Harrodsburg, Kentucky.

Red Leaf, 4-year-old, record 2:22 in 9th heat over one-half mile track. Sire of 5 with records better than 2:30. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$25 to insure a living colt, and a good one at that, or \$12.50 the season.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf—1st, Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd, Because his colts have reputations that those of any stallion in Mercer or adjoining counties, 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 58 out of 61 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:30, and with a dam (Lady Hart) that every colt and a better record as a show horse, having won 58 out of 61 shows, than any stallion in Mercer or adjoining counties. 6th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:30, and with a dam (Lady Hart) that every colt and a better record as a show horse, having won 58 out of 61 shows, than any stallion in Mercer or adjoining counties. 7th, But for speed and they all took records. 8th, But one of Red Leaf's colts was ever raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year Book, and showed miles in 2:18 in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 26 shows—something equalled only by the world's famous Gypsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillies are sure to be great brood mares. If these are not facts, why not?

I also have a good Black Jack to stand at \$5 to insure a living colt.

MCCORMACK.—Mrs. William McCormack, aged 72, died at 5 o'clock yesterday morning of apoplexy, superinduced by paralysis. She was a Miss Miller and lived in the Moreland section previous to her marriage. Mrs. McCormack was a devout member of the Christian church and a splendid woman in every respect. Dr. J. G. Carpenter, who knew her well, told us yesterday that few, if any, better women ever lived in this community than she was. The burial will occur at McCormack's church at 10 o'clock this morning after services by Eld. Joseph Ballou. Besides a husband, the following children are left to mourn the loss of the devoted mother: Gus, William, and James McCormack, Mesdames Mitchell Taylor, of Danville, J. B. Bryan, of this place, Hill, of Texas, Talbott, of Washington, and Dawson, of Missouri.

A LARGE crowd of young people of Stanford and neighboring towns availed themselves of the opportunity of attending the reception given by the graduates of Stanford Male & Female Seminary at the handsome home of Mr. and Mrs. J. N. Menefee Friday evening. The evening was enjoyably spent in conversation and at the proper hour delightful refreshments were served. The large yard was brilliantly illuminated, a large arc light having been placed in it for the occasion and the house was tastefully decorated from reception room to dining hall. It was a swell affair, as the several hundred present will cheerfully attest. The graduates, Misses Alma Hays, Clara Cooper, Myrtle and Roberta O'Bannon, Lena Reynolds, Katie Waters, Virginia Bourne, Mary Higgins, Mary McRoberts and Ellen Dudderar, were assisted in receiving by Mr. George Menefee, and in entertaining by Misses Lucille Cooper, Pearl Burnside, Tevis Carpenter, Susan Frye and Dr. T. W. Pennington. Misses Frances Cooper and Rosa Jones presided at the frappe bowls.

Pettus, W. W. Wade, Henry Anderson, J. M. Rankin, David Eabanks, J. T. Spoonamore, A. M. Luce, B. C. Sandridge, Wesley Holtzclaw, W. G. Routen, J. T. Brown, J. W. McWhorter. Mr. Barnett's collar bone was broken and he was otherwise hurt. The horse, which was badly frightened, ran out the Preachersville pike some five miles.

THE reception given in honor of Miss Chloe Smith Baughman by her sisters, Mesdames W. H. Wearlen and W. N. Craig yesterday afternoon and the 6 o'clock dinner given by Mrs. Lou Shanks to her son, Mr. John H. Shanks, were both delightful social functions. A large number of friends were present at each and enjoyed to the fullest extent the hospitality of the hostesses.

MR. Q. R. JONES, who with Mr. E. E. Kelsay, will give a big picnic and 4th of July celebration at Oak Grove, near Yosemite, was here Saturday having printing done for the big occasion. The officers have just discovered a new method of smuggling liquor. A teamster working on the grade devised the plan. He had two very large horse collars made water tight. He would make regular trips to Texas and every time he would return the laborers would get drunk. After watching him for a long time the officer discovered that he would take the extra horse collars with him and bring them back full of whisky. Each collar would hold about two gallons of liquor. The man is under arrest.—Muskegee Telegram.

Injunction Is Issued.

A stringent injunction has been issued against the malignant activity of dyspepsia amongst people of Dr. Caldwell's (Laxative) Syrup Pepsin. It will promptly and surely set them right and make you well. Try it. Sold by G. L. Penny, Stanford; C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

The officers have just discovered a new method of smuggling liquor. A teamster working on the grade devised the plan. He had two very large horse collars made water tight. He would make regular trips to Texas and every time he would return the laborers would get drunk. After watching him for a long time the officer discovered that he would take the extra horse collars with him and bring them back full of whisky. Each collar would hold about two gallons of liquor. The man is under arrest.—Muskegee Telegram.

No. 14.—25,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fifty described as "Pine Valley." The timber, is becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequalled for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low. It is perfect and the man who buys Delta farm and timber lands at present prices is making an investment that he will never regret. This land is divided into tracts ranging from a half of cotton to the 17,000 acres to the tract and prices from \$5 per acre to \$15 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer these tracts subject to prior sale, withdrawal from market or change in price without notice. However, when notified, we will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
